EXPERIENCE

Projects & Technical Experience [Full-Stack Development]

Sept 2022 – Present

Built SmartBrain App (Full-Stack project) with React.js front-end, Node.js/Express.js back-end, and PostgreSQL database, featuring an image recognition API for face detection

Designed and deployed responsive web applications using HTML5, CSS3 (Flexbox, Grid, Bootstrap), and modern JavaScript (ES6+)

Implemented RESTful APIs and integrated external APIs, handling authentication, database queries, and production deployment (Heroku, GitHub Pages)

Applied AI integration through Clarifai API and explored automation with ChatGPT for enhanced functionality

Learned and applied software engineering fundamentals: Git/GitHub (open-source contributions), NPM workflows, debugging, responsive design, and scalable architecture

Grant Thornton Brasil / Audit Senior Manager [Financial Services]

Oct 2011 – May 2024 (13 years)

Member firm of Grant Thornton International, a global leader in financial audit and consulting services

Led external audit engagements for SEC-listed companies, specializing in SOX compliance, internal controls, and risk assessment

Managed large teams and trained staff on audit best practices, improving efficiency and accuracy

Collaborated with executives and clients to resolve complex financial issues and deliver accurate audit reports

Ensured compliance with PCAOB standards and IFRS/US GAAP reporting, strengthening financial transparency and governance
